

## ***Exclusive and private events***

*Cafe Sydney has developed a network of trusted professionals at the top of their respective fields who can assist you in all areas of event management from AV requirements to complete event concepts and decoration. This assistance provides a one-stop shop approach to functions usually only found at larger venues.*

*Cafe Sydney is able to cater for up to 140 people sit-down and 325 people stand-up. There is a balcony for pre-lunch or dinner drinks (weather permitting) and the priceless views of Sydney Harbour, Harbour Bridge and the Opera House can be absorbed by each and every guest.*

*The minimum charge for booking Cafe Sydney is calculated on the day, time and month of your function. This amount will vary pending on the particular month. You are looking at an estimate between \$35,000 and \$60,000 + 8% service charge on the total account.*

*The minimum spend includes:*

- Exclusive use of Cafe Sydney; food and beverages on consumption, linen for all tables, labour for the duration of the function, Cafe Sydney orange lamps as centrepieces (optional)*

*Additional Expenses not included in the minimum spend:*

- Entertainment, microphone & lectern (if that provided by the entertainment cannot be utilised), guest list, alternative centrepieces*

*Cafe Sydney has built itself a solid reputation as a function venue in both the corporate and private sectors. A key part of this success is due to the flexibility in our function packages allowing each client the ability to tailor a package that meets their interest and requirements.*

*Being a restaurant, we do not have function menus as such. Our set menu is derived from the restaurant menu, which changes every two months.*

*Beverages are all served on a consumption basis. You would need to select one champagne or sparkling wine, one white and one red wine along with one premium beer to be served on the evening. We would liaise with you on the day regarding beverages on consumption so that the minimum spend or set budget does not exceed without your knowledge.*

*For availability, current menus and further information, please contact Functions and Events on 02 8298 0322 or email [functions@cafesydney.com](mailto:functions@cafesydney.com)*
