

## COVID House Policy

At Cafe Sydney we are committed to the health, safety and wellbeing of our guests, team, suppliers and surrounding community. With the ever-evolving Coronavirus (COVID-19) outbreak, we wish to assure you of our consistent vigilance across our restaurant.

We have implemented the following stringent safety measures:

During our opening hours we have a trained accredited COVID 'Hero' in service.

Our full team have been inducted and trained into the COVID House Policy, which will be an on-going process as Australian Government guidelines evolve.

We have re-trained all our team members and implemented increased hygiene standards across the business.

We are monitoring our team health on a daily basis – temperature, attendance, wellness and contact.

## Conditions of entry

- Guests, staff and suppliers will be denied entry if COVID-19 symptoms are evident.
- Tracking and tracing – NSW government requires we keep a record of name and a mobile number or email address for all staff, guests, suppliers and contractors for a period of at least 28 days. **guestHQ** is a proven mobile based and contactless check-in system that we are using. It is simple, safe and R&CA recommended record keeping system for COVID-19 contact tracing. [www.guesthq.com.au](http://www.guesthq.com.au) to pre-register.
