

CAFE SYDNEY

LOUNGE EVENTS

Cafe Sydney Lounge offers a sophisticated and vibrant atmosphere, perfect for hosting intimate canape events. From networking to corporate gatherings, our lounge and cocktail bar provide a versatile space that can be tailored to meet your specific needs.

A welcoming space, the lounge features an expansive mirror, which transforms into an illuminated art wall, creating a completely new experience as the sun goes down in the city.

The lounge can accommodate groups from 14 - 50 guests for a canape event, beverage charged on consumption. Minimum spend applies.

Our extensive canape menu is based on the best seasonal produce at any given time. Please enquire for our current sample menu.

Whilst the lounge is beautifully designed, it is important to note that the space does not hold Harbour views like the restaurant.
